

USAMA MUJAHID

Construction Estimator · Quantity Surveyor · BS Civil Engineering (in progress)

Darazinda, Dera Ismail Khan, Pakistan · usamamujahid2022@gmail.com · [linkedin.com/in/usama-mujahid-aa079a352](https://www.linkedin.com/in/usama-mujahid-aa079a352) · [usamamujahid1.github.io](https://github.com/usamamujahid1)

PROFILE

Civil Engineering student at COMSATS University Islamabad (Abbottabad Campus) specialising in construction estimation, quantity surveying, BOQ preparation and project planning. Hands-on experience preparing quantity takeoffs and cost estimates for residential projects using PlanSwift and Microsoft Excel, with AI tools integrated into research, cross-checking and documentation. Long-term goal: Project Manager in the construction industry.

EXPERIENCE

Construction Estimator — BYH (current)

- Quantity takeoffs from architectural and structural drawings for residential projects.
- Brickwork, concrete, tile and plaster estimation; rate analysis and BOQ preparation.
- Digital takeoffs in PlanSwift; reusable Excel calculators for recurring estimate types.

Estimation & Quantity Surveying — M/S Mohammad Sadiq Sherani

- Material quantity calculations, cost estimation and estimate documentation for construction works.
